

Yuanda Europe Ltd design and manufacture sophisticated facade structures of large construction projects within Europe, in countries such as England, France and Switzerland. The production of the facade elements takes place at our parent company CNYD Shenyang Aluminium Industry Engineering in Shenyang (China).

In order to reinforce our facade building design department at the European headquarters in Basel / Switzerland and reporting directly to the Director Design we are looking for a motivated, reliable and dedicated personality as

FACADE DESIGNER

Main Objectives

- Develop detailed interfaces in accordance with standards
- Design bespoke curtain wall solutions
- Knowledge transfer between Yuanda Europe and CNYD
- Definition of main material in accordance with specifications
- Development of main connection details

Your Profile

- Completed apprenticeship as a draftsman metal
- Professional experience in the field of complex facade-constructions
- Good knowledge of German and/or English
- Very good knowledge of MS Office and AutoCAD
- Holder of a Swiss or EU passport

Your Perspectives

- An ambitious and versatile challenge in an international company
- Contacts with renowned architects and engineers
- Good terms of employment
- A position that offers optimal opportunities for professional development
